

# 2020 SC PLT Facilitator Refresher

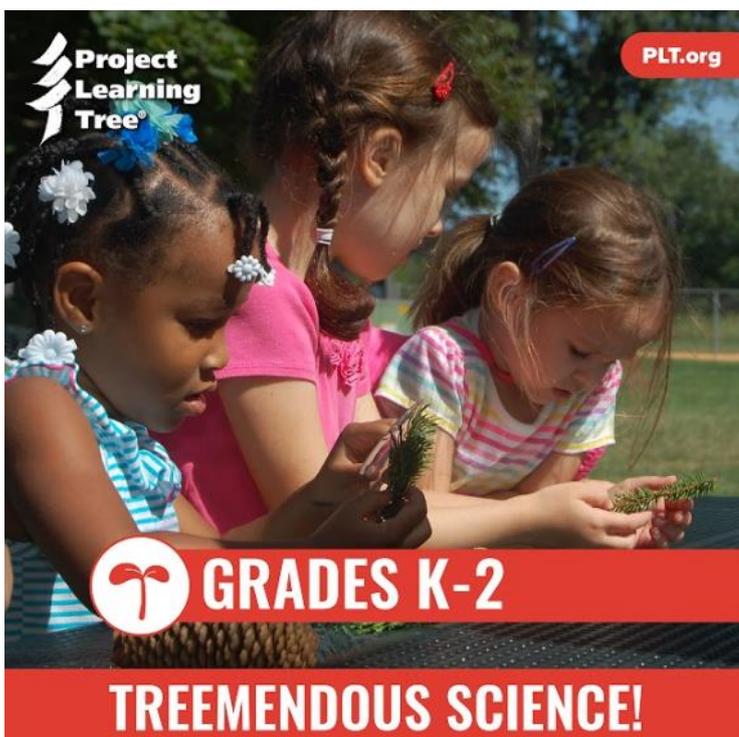

Come join your fellow SC Project Learning Tree Facilitators for a virtual reunion and refresher on Thursday, July 9 from 9:30-11:30. You will see old friends and make new ones, be updated about the PLT program, and learn how you can lead a virtual workshop. You will receive training in the “K-2 Tremendous Science” E-Unit and receive the electronic guide at no cost.

**K-2 Tremendous Science E-Unit** - “Whether you regularly use the outdoors as a classroom or tend to hesitate every time you take your class outside, this unit is an invitation to increase the quantity and quality of your K-2 learners’ contact with nature and trees. Tremendous Science students will explore, experience, observe, and collect tree data to develop understandings about how trees grow, the roles trees play in ecological systems, and the ways in which trees and humans interact.”

**You won’t want to miss this fun refresher !!!**

**Please RSVP by July 8 to receive the Zoom meeting invitation.**

**Date: Thursday, July 9**

**Time: 9:30 to 11:30**

**Place: Your Home!**

**Cost: FREE; includes training and “K-2 Tremendous Science” E-Unit**

**Please RSVP by July 8 to:**

**Matt Schnabel**

**mschnabel@scfc.gov**

**803-896-8892**

*Hope to see you there!*
