Henry E. (Gene) Kodama, State Forester

---

April 7, 2011

Dear Sir or Madam:

Attached is the South Carolina BMP Courtesy Exam Log for March 2011. Seventeen sites were closed out during the month. One of these sites was found to be out of compliance with applicable BMPs, and water quality impacts resulted from this forest operation.

Piedmont 2029 in Edgefield County was rated Unacceptable in the category of Streamside Management Zones. The SMZ was harvested as marked, and resulted in less than 50 square feet of overstory basal area within the buffer. Additional stabilization was successfully completed on the road system and crossings.

On the remaining courtesy exams completed this month BMP Foresters provided recommendations to assist with compliance on 6 sites, and BMPs were properly applied by those responsible on ten sites reported this month. In addition, 35 compliance monitoring inspections were completed, making this a highly productive month for the BMP program.

Please contact the appropriate BMP Forester or me if you need further information concerning this report. I can be reached by phone at (803) 896-8593 and email at [gsabin@forestry.state.sc.us](mailto:gsabin@forestry.state.sc.us). Thank you for your interest in our BMP program.

Sincerely,

A handwritten signature in blue ink that reads "Guy R. Sabin".
