Henry E. (Gene) Kodama, State Forester

June 9, 2011

Dear Sir or Madam:

Attached is the South Carolina BMP Courtesy Exam Log for May 2011. Twenty sites were closed out during the month. One of these sites was found to be out of compliance with applicable BMPs, and no water quality impacts resulted from these forest operations.

Piedmont 2045 was a small clearcut in Lexington County that was rated Unacceptable in the category of Streamside Management Zones for failure to maintain a 40' SMZ on a perennial stream. Excessive debris in the stream channel was successfully removed, and there were no water quality impacts.

BMPs were properly applied by those responsible on eleven sites reported this month. On the remaining exams BMP Foresters provided recommendations to assist with compliance on eight sites, and required remedial action for one site. In addition, thirteen compliance monitoring inspections were completed.

Please contact the appropriate BMP Forester or me if you need further information concerning this report. I can be reached by phone at (803) 896-8593 and email at gsabin@forestry.state.sc.us. Thank you for your interest in our BMP program.

Sincerely,

A handwritten signature in blue ink that reads "Guy R. Sabin".
