

June 9, 2020

Dear Sir or Madam:

Attached is the South Carolina BMP Courtesy Exam Report for May 2020. Four sites were closed out during the month. All of these sites are in compliance with applicable BMPs and no water quality impacts resulted from these forest operations.

BMPs were properly applied by those responsible on three sites and did not require any recommendations from a BMP Forester during the operation to assist with compliance. One site required a return visit and remediation work by the operator to bring the site into compliance.

Please contact me or the appropriate BMP Forester if you need further information concerning this report. I can be reached by phone at (803)667-0815 or by email at hwelch@scfc.gov. Thank you for your interest in our BMP program.

Sincerely,
