Henry E. (Gene) Kodama, State Forester

---

August 10, 2014

Dear Sir or Madam:

Attached is the South Carolina BMP Courtesy Exam Log for August 2014. Twenty-two sites were closed out during the month. One site was found to be out of compliance with applicable BMPs and possible water quality impacts resulted from this forest operation.

Pee Dee 2331 is a large clearcut in Lancaster County that was rated Unacceptable in the category of Harvesting Systems. Water quality was impacted as a result of four intermittent stream crossings and two ephemeral stream crossings left in place and exposed soil on skid trails. All issues were addressed by the logging contractor and the site is now in compliance with BMPs.

On the other twenty-one sites reported this month BMPs were properly applied by those responsible on fourteen sites, BMP Foresters provided recommendations during the operation to assist with compliance on six sites, and remedial action or a return visit by the operator to bring a site into compliance was necessary on one site.

Please contact the appropriate BMP Forester or me if you need further information concerning this report. I can be reached by phone at (803) 896-8593 and email at [hnicholson@scfc.gov](mailto:hnicholson@scfc.gov). Thank you for your interest in our BMP program.

Sincerely,

Herb Nicholson  
Environmental Program Manager

Enclosure
