Henry E. (Gene) Kodama, State Forester

October 10, 2012

Dear Sir or Madam:

Attached is the South Carolina BMP Courtesy Exam Log for September 2012. Twenty-three sites were closed out during the month. One of these sites was found to be out of compliance with applicable BMPs, and no water quality impacts resulted from these forest operations.

Coastal 1607 was a bottomland hardwood harvest in Barnwell County that was rated Unacceptable in the category of Streamside Management Zones. The sale was cut as marked, and all overstory trees along a perennial run were harvested. No water quality impacts were identified, and no additional remediation is required.

BMPs were properly applied by those responsible on sixteen sites reported this month. BMP Foresters provided recommendations to assist with compliance on five sites, and requested additional action to achieve compliance on one site.

Please contact the appropriate BMP Forester or me if you need further information concerning this report. I can be reached by phone at (803) 896-8593 and email at gsabin@forestry.state.sc.us. Thank you for your interest in our BMP program.

Sincerely,

Guy R. Sabin
Environmental Program Manager
