Henry E. (Gene) Kodama, State Forester

December 6, 2017

Dear Sir or Madam:

Attached is the South Carolina BMP Courtesy Exam Report for November 2017. Twenty-six sites were closed out during the month. Two sites were found to be out of compliance with applicable BMPs. Piedmont 3014 was found to have an inadequate SMZ on approximately 400' of perennial stream, but no off-site water quality impacts were observed. Piedmont 3020 had numerous problems with road systems, stream crossings, and harvesting systems. Off-site water quality impacts were observed on this tract.

Of the twenty-four other sites reported this month, BMPs were properly applied by those responsible on nineteen sites, BMP Foresters provided recommendations during the operation to assist with compliance on three sites, and BMP Foresters noted deficiencies and requested additional action on one site to achieve compliance, and remedial action or a return visit by the operator was required to bring one site into compliance.

Please contact the appropriate BMP Forester or me if you need further information concerning this report. I can be reached by phone at (803) 896-8803 and email at hnicholson@scfc.gov. Thank you for your interest in our BMP program.

Sincerely,

A handwritten signature in blue ink, which appears to read "Herb Nicholson".

Herb Nicholson
Environmental Program Manager
