

SOUTH CAROLINA PLT ENVIRONMENTAL EDUCATION CENTERS

Project Learning Tree Environmental Education Centers promote collaborations that encourage long-term, high-quality environmental education programming. PLT EE Centers increase opportunities for PLT activities and outreach to impact a larger number of diverse communities. These seven centers each agree to host an annual PLT educator workshop. If you are interested in loaning a Tree Trunk, attending a PLT workshop, or hosting a PLT training for your group at one of the SC PLT EE Centers, please contact your local center coordinator. Center coordinator's contact information can be found at <https://www.state.sc.us/forest/pltedcenters.htm>.
