Forestry Commission asking for public's help in finding stolen bulldozer and transport

The South Carolina Forestry Commission is asking for the public's help in locating two of its emergency vehicles - a firefighting bulldozer and transport - that appear to have been stolen overnight from the operator's standby location in Elgin, near Wildwood Lane and Wateree Elementary School in Kershaw County.

Agency officials say the missing transport is a 2017 Freightliner flatbed, about 27 feet long, with license plate number 18813SG, serial number 1FVHCYFE3JHJT7582 and state decal 14689. The transport has red and white emergency lights and is marked with the words "Wildland Fire" in red on the doors.

The bulldozer is a 2017 CAT D-4 that has a state decal number 14682. The serial number is CAT00D4KTKR202495.

A photo of the same model bulldozer and transport appears below.

Anyone who knows or has information about the whereabouts of either vehicle is urged to call 911, the Kershaw County Sheriff's Department at (803) 425-1512 or Crimestoppers at (888) CRIME-SC.

###

The mission of the South Carolina Forestry Commission is to protect, promote, enhance and nurture the forest lands of South Carolina in a manner consistent with achieving the greatest good for its citizens.
