7.	\$		\$
8.	\$		\$
9.	\$		\$
10.	\$		\$
11.	\$		\$
	Subtotal of above items →		\$7,240.00
	Shipping/Freight (if any) →		\$35.00
	Estimated Taxes →		\$579.20

Sample

Grand Total (this amount will go on the VFA Form 1 as the "Total Expenses") → **\$8,433.00**

Please include quotes on items if available.

Please round this to the nearest number- no decimals

Note: In order to receive priority for specific items (VHF radios, wildland PPE, skid unit, dry hydrant), the **MAJORITY** of the purchases **MUST** be of those items.

Briefly describe how the above mentioned item(s) will be used to enhance firefighting capacity in the Wildland-Urban Interface (WUI). Attach additional sheet if needed.

The wildland firefighting PPE will be used in place of our heavier bunker gear. This will be especially more beneficial when fighting wildfires in the summer. The VHF portable radios will be used to improve communications with Forestry. The chainsaw will go on our brushtruck and be used on wildfire calls to cut down snags.
